

Stability training with the ICAROS Guardian – playfully easy, safe, and effective

ICAROS combines effective training with gamification.

Maximize your therapy success with ICAROS Guardian, the award-winning balance training system. Utilizing cutting-edge technology, ICAROS Guardian offers safe, intuitive training for coordination, balance, and reflexes—efficiently and effectively.

Ideal for all age groups, including the elderly, this system enhances stability and postural control – essential skills for patients and athletes alike. Achieve therapeutic success with minimal staff involvement with the ICAROS Guardian .

ICAROS Guardian explained:

Discover all you need to know about the applications, users, installation, and operation of the ICAROS Guardian System in a 2-minute video.

Motivation and success for your patients.

Stability training can be monotonous, making progress hard to see. With the ICAROS Guardian, you will increase your patients' motivation through versatile, varied, and measurable exercises designed as engaging games for specific training effects.

Subscription models: Monthly (€ 16.99), Annually (€ 199.90), or Lifetime (one-time € 999.90), all prices include VAT.

For what types of exercise is the ICAROS Guardian used?

- Stability training
- Balance exercises in rehabilitation
- Motor-cognitive training
- Cardio training
- Fall prevention

The ICAROS Guardian serves as a profit driver in your studio.

Thanks to its easy handling and wide range of applications, the Guardian System ensures **high utilization** and **rapid amortization**:

Users/Day	Price/15 Min	Revenue/Day	Revenue/Month	Revenue/Year
10	€15	€150	€3.000	€36.000

With just **10 self-paying** users daily, the system **amortizes in 4.6 months** and generates a profit of over **€ 23,000** in the first year alone! Additionally, the **low maintenance effort** creates **new capacities** in the trainer and therapist team.
